Glazed Porcelain Tile

Posto 07

Ipanema, eternal inspiration, was designed through the creative eye of Oskar Metsavaht. From art to design, landscape to geometry - Neotropical is the concept here. A contemporary and "carioca" look. A particular path designed on chromatic compositions. Black and white tones of small stones found on Portuguese boardwalks were translated into close-ups. The pure geometry of the square or sinuosity of the mosaic that alters the scale and expands the beauty of famous "cariocas" sidewalks.
